

Polehampton CE Schools and Nursery

"Let your light shine" Matthew 5:16"

Friday 9th October 2026

It was wonderful to see so many of you at our Harvest assemblies. There is still time to donate items if you would like to. Please drop any items into the school offices, thank you.

Well done to all families who took part in the Twyford fun run. The photos looked like lots of fun was had!

Our open mornings start next week, please do mention to anyone who might be interested.

Hope you have a lovely weekend.

Mrs Medcalf

Parent Evenings can now be booked via **Arbor**. Please do book a slot with your child's class teacher. These meetings are an important opportunity to hear about how your child has settled into the new school year, discuss their progress so far and ask any questions you may have. We really value this time to talk with you and to continue working together with you to support your child.

Junior school request

As you may have noticed, we have some lovely new, self-watering planters on the Junior playground, these will support our commitment to our schools Climate Action Plan by increasing our biodiversity within the grounds. The new Planet Protector team are asking for your help with any spare seeds, cuttings, plants or bulbs that you may have. The plants will help in our plight of making a more sustainable and wildlife-friendly environment for our school community. Please do drop any donations into the Junior school office, thank you!

Changes to phone number

A reminder that our phone number has changed! In order to simplify communication systems for parents, over the summer we have arranged an amalgamation of our phone systems. From Monday 21 September, we will be **0118 934 0246 only**. This number will then give you the option of speaking to the infants/nursery school office, or the juniors school office. It will also make transferring calls between sites easier for staff and families. This is another exciting development in our school's infrastructure.
